

PA's Wild Elk Celebration One-Day Tour

Look for PA's wild elk herd, enjoy a 4D film, entertainment and more!

Experience the scents, sounds, views and weather of PA's wild elk's natural habitat during a 4D film during which it even "snows" at a new elk visitors center in Benezette, PA! Plus visit outside viewing blinds to experience the habitat in real life or stay inside and enjoy the center's remote-controlled cameras focused on the nearby fields where the elk often graze at dawn and dusk. Additional displays offer more info and a buffet meal with cowboy entertainer is included.

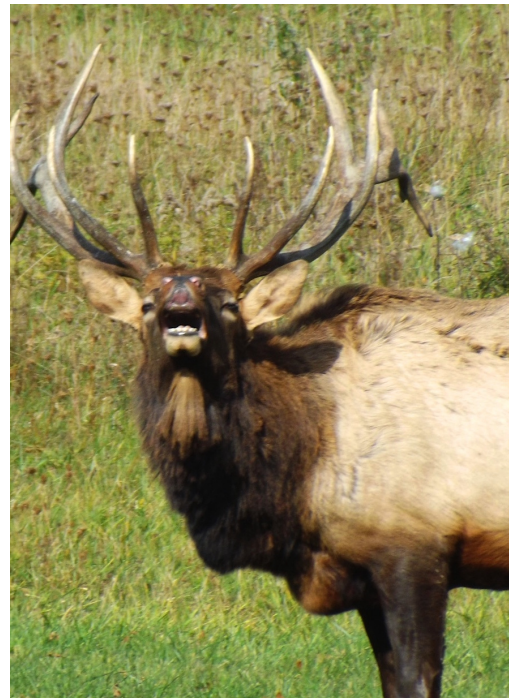

Did you know on top for every bull elk's head are two pedicles from which each spring antlers grow? The antlers are so strongly locked into the pedicles that a bull could hang 10 bowling balls from each antler and the antlers wouldn't budge.

A winery visit to tasting and browsing is also included.

One-day tour, best April through October.

Tour includes:

- **Elk Center 4D Film, Exhibits, Meal & Cowboy Entertainer**
- **Winery Visit with Tasting**
