

## Houses of Harrisburg, One-Day Tour

Houses, houses, everywhere! Options include an tour of the PA Governor's home, the State Capitol Building (home to PA's House of Representatives), and a commercial greenhouse, plus chance to see a wheelhouse during a river cruise and dine in a firehouse restaurant! If we have time we'll include everything, otherwise choose the sites that appeal most!

Highlights of the PA State Capitol Building include a staircase of Italian marble and grand dome modeled after that of St. Peter's in Rome. Built in the early 1900s in a Beaux-Arts style with Renaissance themes throughout, the building is known as a "palace of art" due to the many sculptures, murals and stained-glass windows most of which were made by Pennsylvanians or have Pennsylvania themes.

The Pride of the Susquehanna is a climate-controlled boat, one of only seven remaining "authentic" paddlewheel riverboats in the U.S. Learn about the river's many small islands and numerous bridges while enjoying panoramic views of the city's skyline.

The commercial greenhouse produces blooms year round with gift shop and café onsite as well. Dining is in a renovated firehouse now a restaurant with a décor highlighting its history.
